ESCAPE HATCH

Portland, Ore.- Police at the city jail were somewhat puzzled at finding a 13-inch hole in the mesh grating atop the elevator shaft in the jail. Reasonably sure no one had broken into jail, they believe some trusty used the escape hatch to come and go as he pleased. It had been used rather often, too, because the mesh screen had been worn shiny.

An airline helicopter for nineteen passengers is on the way.

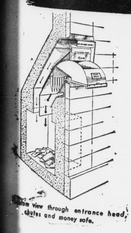
OUR DAY AND NIGHT DEPOSIT SERVICE
provides a quick, convenient means of depositing your cash receipts for bank protection at any hour of any day or night throughout the year in our ultra-modern Mosler Depository System.

OUR BANK IS NEVER CLOSED TO ITS DEPOSITORS


View through entrance head; chutes and money safe.
Your deposit, with deposit slip, is placed in a special bag, furnished by us, which you lock with your key.
At the bank you unlock outer entrance door to the deposit system with your special key. Pulling door forward exposes an opening into which your deposit bag is placed, as illustrated above. Closing door causes bag to automatically travel downward through a heavy metal chute into the burglary-resistive money safe inside our bank, as shown at left. Special baffles in the chute are designed to prevent withdrawal of bags from the outside.
Sealed envelopes containing endorsed checks, currency and similar items can be deposited in the keyless slot (under the flap) for transmission through a separate metal chute into the same money safe... just as easy as mailing a letter.
We will be glad to explain and demonstrate this special deposit facility, installed for your protection.
